

EMPOWERING OPERATIONAL LEADERS

BUGETING & FORECASTING

Embrace the future with confidence and steer your organisation towards stability, growth and strategic success. Includes practical tools and templates adaptable for your organisation's needs.

Key learning outcomes include:

1. **Mastery of Budget Creation:** Develop the skills to craft precise and effective budgets for the unique challenges of the community care sector.
2. **Accurate Forecasting Techniques:** Learn to predict future financial trends and make informed decisions using proven forecasting methods.
3. **Financial Performance Evaluation:** Acquire the ability to analyse financial data, identify variances, and implement corrective measures for better outcomes.
4. **Ethical and Regulatory Compliance:** Understand the ethical considerations and compliance standards essential for budgeting in the aged care industry.
