

EMPOWERING OPERATIONAL LEADERS

FUTURE PLANNING

Embrace the future with confidence and ensure your organisation is set up to thrive in an ever-changing landscape. This course offers a wealth of tools and templates that you can adapt for use within your organisation.

Key learning outcomes include:

1. Learn how to lead the creation of important strategic plans with key partners.
2. Understand why it's crucial to match strategic plans with an organisation's mission and vision.
3. See why effectively communicating and executing strategies through operational plans matters.
4. Discover the importance of involving others in the planning process and keeping communication open.
5. Master the art of keeping plans relevant by regularly evaluating and reviewing them.
